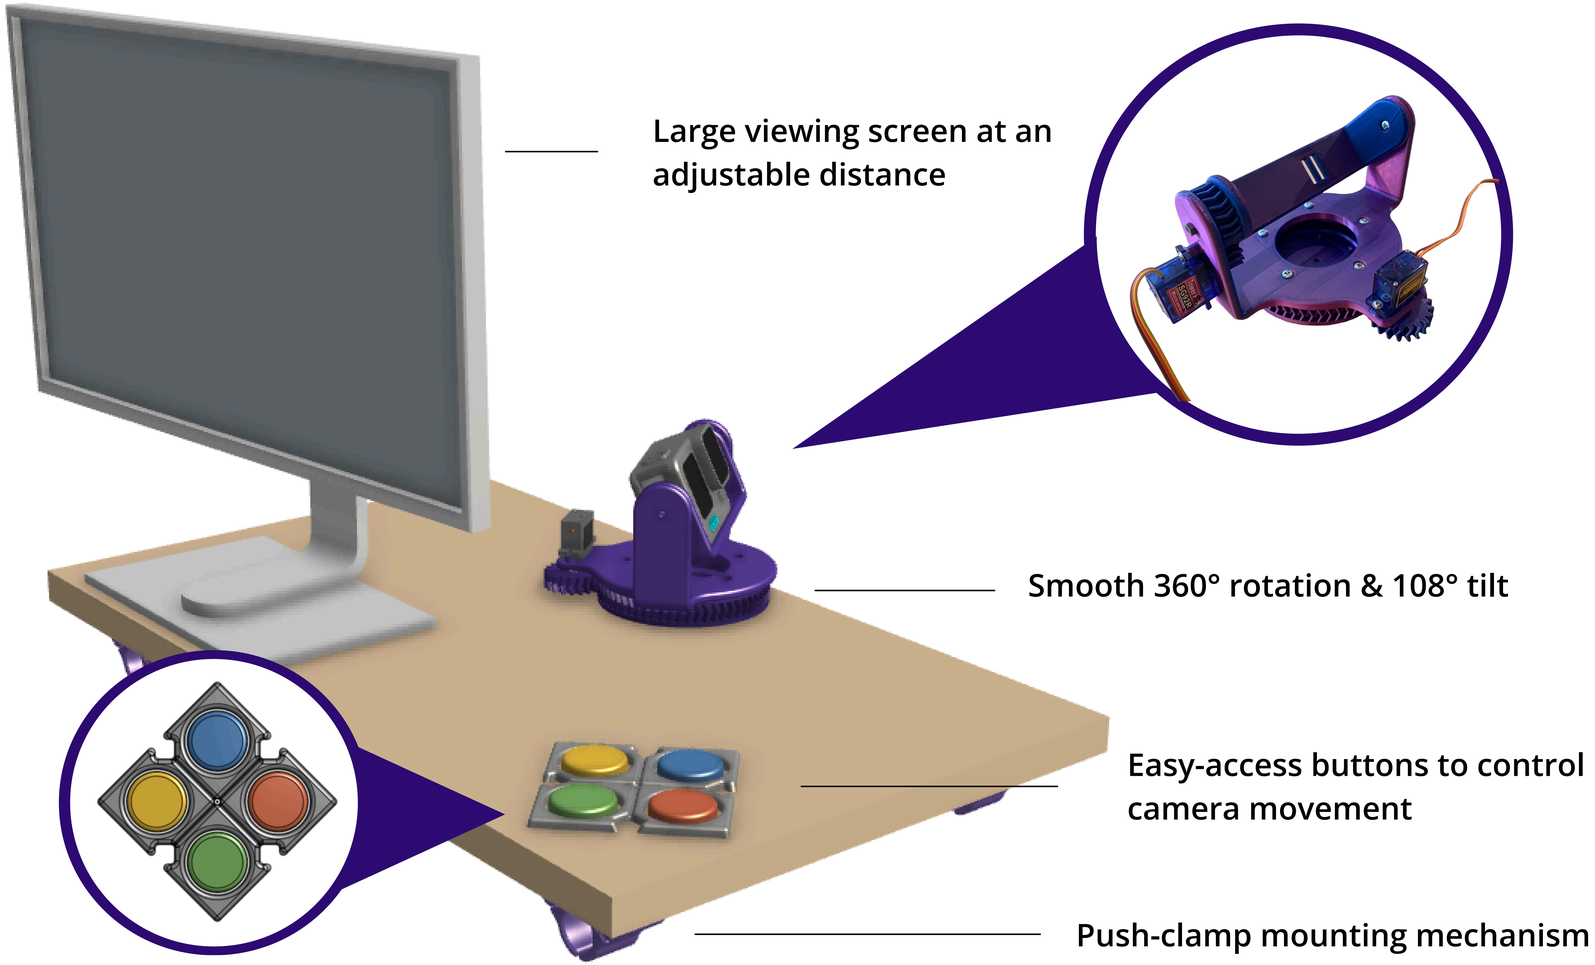
WRC Film Wheelchair-Mounted RC Filming Gimbal

Team 6: Jingshu Zhu, Rishana Senthan, Sayali Joshi, Shupei Zhang

The Opportunity

Developing a GoPro support system that allows Jonathan, a wheelchair user who struggles to hold the camera at eye level for prolonged periods, to intuitively and independently manipulate the camera as he envisions.

Key Objectives


- Remove the need for continuous holding
- Maintain a 35 cm viewing distance at eye-level
- Allow smooth rotation and tilt
